RE: Notice of Final Action - Model General Permit: Air Curtain Incinerators
Project Number: C-1202647

Dear Ms. Yannayon:

The Air Pollution Control Officer has issued the Model General Permit for Air Curtain Incinerators that are portable registered units pursuant to District Rule 2280. Enclosed is the Model General Permit and a copy of the notice of final action that has been posted on the District's website (www.valleyair.org).

Notice of the District's preliminary decision to issue the Model General Permit for Air Curtain Incinerators that will be located at a stationary source was posted on July 14, 2020. The District's analysis of the proposal was also emailed to CARB and EPA on July 16, 2020. No comments were received following the District's preliminary decision on this project.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Nick Peirce at (209) 557-6400.

Sincerely,

Brian Clements
Director of Permit Services

PERMIT UNIT: C-9803-2-0

EXPIRATION DATE:

EQUIPMENT DESCRIPTION:

TV MODEL GENERAL PERMIT FOR AIR CURTAIN BURN BOX THAT IS PORTABLY REGISTERED UNDER DISTRICT RULE 2280 AND IS MEETING THE FOLLOWING CRITERIA: 1. UNIT HAS BEEN ISSUED A DISTRICT PORTABLE REGISTRATION PURSUANT TO DISTRICT RULE 2280, 2. THE AIR CURTAIN BURN BOX MUST BE SUBJECT TO 40 CFR 60 SUBPART CCCC OR EEEE 3. ONLY AGRICULTURAL MATERIALS LISTED ON THE APCO PREPARED LIST OF "AIR CURTAIN BURN BOX APPROVED AGRICULTURAL MATERIALS", FOREST MANAGEMENT MATERIALS, OR HAZARD REDUCTION MATERIALS ARE COMBUSTED, 4. NO MORE THAN 100 TONS OF WASTE MATERIAL IN ANY ONE DAY IS BURNED AS PART OF A SINGLE PROJECT, WHICH IS ONE OR MORE REGISTERED PORTABLE AIR CURTAIN BURN BOXES OPERATING ON ONE OR MORE CONTIGUOUS OR ADJACENT PROPERTIES, 5. NO MORE THAN 7,500 TONS OF WASTE MATERIAL IS BURNED IN THE BURN BOX IN ANY ONE YEAR, 6. NOX AND VOC EMISSIONS ARE LESS THAN 100 POUNDS IN ANY ONE DAY FOR EACH POLLUTANT, 7. PM10 EMISSIONS ARE LESS THAN 150 POUNDS IN ANY ONE DAY FOR EACH POLLUTANT, 8. ACTUAL EMISSIONS DO NOT EXCEED 10 TONS PER YEAR FOR ANY AFFECTED POLLUTANT, AND 9. COMBUSTION IS STARTED USING A PROPANE OR BUTANE TORCH, OR FLARE (NO ACCELERANT IS USED)

PERMIT UNIT REQUIREMENTS

1. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to enter the permittee's premises where a permitted source is located or emissions related activity is conducted, or where records must be kept under condition of the permit. [District Rules 1070 and 2520] Federally Enforceable Through Title V Permit
2. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit. [District Rules 1070 and 2520] Federally Enforceable Through Title V Permit
3. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to inspect at reasonable times any facilities, equipment, practices, or operations regulated or required under the permit. [District Rule 2520, 9.13.2.3] Federally Enforceable Through Title V Permit
4. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to sample or monitor, at reasonable times, substances or parameters for the purpose of assuring compliance with the permit or applicable requirements. [District Rule 2520, 9.13.2.4] Federally Enforceable Through Title V Permit
5. The permittee shall submit certifications of compliance with the terms and standards contained in Title V permits, including emission limits, standards and work practices, to the District and the EPA annually (or more frequently as specified in an applicable requirement or as specified by the District). The certification shall include the identification of each permit term or condition, the compliance status, whether compliance was continuous or intermittent, the methods used for determining the compliance status, and any other facts required by the District to determine the compliance status of the source. [District Rule 2520, 9.16] Federally Enforceable Through Title V Permit
6. The owner or operator shall notify the District of any breakdown condition as soon as reasonably possible, but no later than one hour after its detection, unless the owner or operator demonstrates to the District's satisfaction that the longer reporting period was necessary. [District Rule 1100, 6.1; County Rules 110 (Fresno, Stanislaus, San Joaquin); 109 (Merced); 113 (Madera); and 111 (Kern, Tulare, Kings)] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

Facility Name: AIR CURTAIN INCINERATOR MGP PLACEHOLDER

Location: N/A,N/A, CA N/A

C-9803-2-0 : Oct 5 2021 4:16PM -- HARADERJ

7. The District shall be notified in writing within ten days following the correction of any breakdown condition. The breakdown notification shall include a description of the equipment malfunction or failure, the date and cause of the initial failure, the estimated emissions in excess of those allowed, and the methods utilized to restore normal operations. [District Rule 1100, 7.0; County Rules 110 (Fresno, Stanislaus, San Joaquin); 109 (Merced); 113 (Madera); and 111 (Kern, Tulare, Kings)] Federally Enforceable Through Title V Permit
8. Deviations from permit conditions must be promptly reported, including deviations attributable to upset conditions, as defined in the permit. For the purpose of this condition, promptly means as soon as reasonably possible, but no later than 10 days after detection. The report shall include the probable cause of such deviations, and any corrective actions or preventive measures taken. All required reports must be certified by a responsible official consistent with section 10.0 of District Rule 2520 (6/21/01). [District Rules 2520, 9.5.2 and 1100, 7.0] Federally Enforceable Through Title V Permit
9. If the air curtain burn box remains at a location for more than 24 hours within the Administrating District or a Participating District , as defined in District Rule 2280, the operator shall notify that District within 2 calendar days. The notification shall include the following information: 1) The general nature of operations, 2) The estimated duration of operations within the District, and 3) The name and phone number of a contact person with information concerning the locations where the equipment will be operated within the District. [District Rule 2280]
10. Within 30 days after the end of every calendar quarter, the operator of a registered portable emissions unit shall notify the District in which the unit was operated of the level of activities within the District during the preceding calendar quarter. The notification shall include the following information: 1) The location(s) at which the equipment was operated, including the dates operated at each location, 2) the type and quantity of materials processed by each emissions unit, or the daily hours of operation for each emissions unit in conjunction with the hourly throughput rate, and 3) the type and quantity of fuels consumed by each emissions unit, or the daily hours of operation of each emissions unit in conjunction with the hourly horsepower or btu rating. [District Rule 2280]
11. If this equipment is rental equipment, then the following is required: 1) The operator of the rental registered portable equipment shall be responsible for compliance with the notification and recordkeeping requirements of Rule 2280. The operator must furnish the necessary recordkeeping as required by Sections 6.1, 6.2.2, and 6.2.3 of Rule 2280, to the owner of the equipment. 2) The owner of a rental registered portable equipment must provide the operator with a written copy of applicable requirements of Rule 2280, including the notification and recordkeeping requirements, as part of the equipment rental agreement. The owner must maintain written acknowledgement by the operator of receiving the above information for a period of at least two years. 3) The owner of a rental registered portable equipment must compile the records provided by the equipment operators in every calendar quarter, and within 30 days after the end of every calendar quarter must submit the above information to the participating Districts. [District Rule 2280]
12. When a term is not defined in a Title V permit condition, the definition in the rule cited as the origin and authority for the condition in a Title V permits shall apply. [District Rule 2520, 9.1.1] Federally Enforceable Through Title V Permit
13. Particulate matter emissions from the air curtain burn box shall not exceed 0.1 grains/dscf in concentration. [District Rule 4201] Federally Enforceable Through Title V Permit
14. Particulate matter emissions from the air curtain burn box shall not exceed the hourly rate as calculated in District Rule 4202 using the equation $E=3.59xP^{0.62}$ if P is less than or equal to 30 tons per hour. [District Rule 4202] Federally Enforceable Through Title V Permit
15. Only agricultural materials listed on the APCO prepared list of "Air Curtain Burn Box Approved Agricultural Materials," forest management materials or hazard reduction materials may be burned in an air curtain burn box. [District Rules 2280 ,2520, and 4001, and 40 CFR 60.2974] Federally Enforceable Through Title V Permit
16. During the start-up period, which shall not exceed the first 30 minutes of operation, no air contaminants shall be discharged into the atmosphere for a period or periods aggregating more than 3 minutes in any one hour which is as dark as or darker than Ringelmann 1 or equivalent to 20% opacity. [District Rules 2280, 4001, and 4101, and 40 CFR 60.2971] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

17. After the startup period, during steady state operation, visible emissions from the air curtain burn box shall not equal or exceed either of the following limits: Ringelmann 1 or 20% opacity for more than 3 minutes in any one hour or 10% opacity as determined by the average of three 1-hour blocks consisting of ten 6-minute average opacity values. [District Rules 2280, 4001, and 4101, and 40 CFR 60.2250 and 60.2971] Federally Enforceable Through Title V Permit
18. Owner/operator shall conduct periodic testing for opacity at least once every 12 calendar months. Opacity testing shall consist of one 30 minute cold start observation and three 1 hour observations under normal steady state operation. [District Rules 1081, 2280, and 4001, and 40 CFR 60.2255 and 60.2972] Federally Enforceable Through Title V Permit
19. Compliance with the opacity limits on this registration shall be determined by EPA Method 9 and shall be conducted by an observer certified pursuant to EPA Method 9. [District Rule 2280, 4001, 4101, and 40 CFR 60.2255 and 60.2972] Federally Enforceable Through Title V Permit
20. Observers for the opacity compliance demonstration shall be certified according to the procedure in EPA Method 9. [District Rules 4001 and 4101, and 40 CFR 60.2255 and 60.2972] Federally Enforceable Through Title V Permit
21. Owner/operator shall notify the District at least 30 calendar days prior to any compliance opacity testing and an opacity test plan shall be submitted for approval at least 15 calendar days prior to testing. [District Rules 1081 and 2280] Federally Enforceable Through Title V Permit
22. Opacity observations shall be made at the point of greatest opacity in that portion of the plume where condensed water vapor is not present. [District Rule 1081] Federally Enforceable Through Title V Permit
23. Owner/operator shall submit to the District a copy of the opacity test results in paper or electronic format no later than 60 calendar days after completion of the testing. [District Rules 1081, 2280, and 4001, and 40 CFR 60.2973] Federally Enforceable Through Title V Permit
24. Owner/operator shall maintain records of all opacity testing for a period of at least five years and make records available to the District upon request. [District Rules 1070, 2280, and 4001, 40 CFR 60.2260 and 60.2973] Federally Enforceable Through Title V Permit
25. When conducting a cold start, the owner/operator shall use a propane or butane torch, drip torch or flare to ignite the material inside the burn box, no accelerants (e.g. gasoline, diesel fuel, kerosene, turpentine, etc.) may be used. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
26. Materials shall be loaded into the burn box such that they do not protrude above the air curtain. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
27. The air curtain burn box shall be attended at all times while materials are being burned or flames are visible inside the burn box. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
28. After the last material has been added, airflow shall be maintained until all material within the burn box has been reduced to coals and flames are no longer visible. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
29. Wood ash removed from the firebox shall be handled, stored and disposed of in a manner minimizing entrainment into the atmosphere. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
30. The air curtain burner box shall be operated according to manufacturer's specifications and in a manner to minimize emissions of air contaminants into the atmosphere. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
31. If the air curtain burn box is equipped with an internal combustion engine to power the unit, the engine shall be a certified compression-ignition engine or certified spark-ignition engine that is certified to the most stringent emissions standard in effect for the applicable horsepower range at the time the application for initial registration is submitted to the District. [District Rules 2280 and 2520, and 17 CCR 93116] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

32. If the air curtain burn box is powered by a compression ignited internal combustion engine to power the unit then the engine shall only be fired on the following fuels: 1) CARB diesel fuel; 2) Alternative diesel fuel that has been verified through the Verification Procedure for In-Use Strategies to Control Emissions from Diesel Engines; or 3) CARB diesel fuel utilizing fuel additives that have been verified through the Verification Procedure for In-Use strategies to Control Emissions from Diesel Engines. [District Rules 2280 and 17 CCR 93116]
33. If the air curtain burn box is powered by a compression ignited internal combustion engine with a maximum rating equal to or greater than 50 BHP, then permittee shall comply with the fleet emissions requirements of 17 CCR 93116 (3)(c) and 17 CCR 93116(3)(d) and shall comply with the fleet recordkeeping and reporting requirements of 17 CCR 93116.4. [District Rule 2280 and 17 CCR 93116]
34. If the air curtain burn box is equipped with an internal combustion engine to power the unit, visible emissions from the engine shall not exceed Ringelmann 1 or equivalent 20% opacity for a period or periods aggregating more than 3 minutes in any on hour. [District Rule 2280]
35. If the air curtain burn box is equipped with a spark-ignited internal combustion unit rated greater than 50 BHP to power the unit, the engine shall meet the following emission limits: NOx: 1.5 g/bhp-hr (equivalent to 100 ppmv @ 15% oxygen); VOC: 1.5 g/bhp-hr (equivalent to 650 ppmv @ 15% oxygen); and CO: 2.0 g/bhp-hr (equivalent to 500 ppmv @ 15% oxygen). [District Rule 2280]
36. If the air curtain burn box is powered by an internal combustion engine with a rating greater than 50 BHP, then the owner/operator shall keep a record of the following for at least five years and shall make such records available to the District upon request: 1) total hours of operation; 2) The type and quantity of fuel used (cubic feet of gas or gallons of liquid); and 3) Maintenance or modifications performed. [District Rule 4701] Federally Enforceable Through Title V Permit
37. Total NOx and VOCs emissions from a project shall not exceed 100 pounds during any one day, for each pollutant. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
38. Total PM10 emissions from a project shall not exceed 150 pounds during any one day. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
39. All air curtain burn boxes as part of a single project, which is one or more registered portable emission unit operated on one or more contiguous or adjacent properties, shall burn no more than 100 tons of waste material in any one day. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
40. The actual emissions from this unit as verified by the record keeping requirements of the District rule 2280, shall not exceed 10 tons per year of any affected pollutant when operated in any participating district. This unit shall not burn more than 7,500 tons of waste material in any year. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
41. No air contaminant shall be released into the atmosphere which causes a public nuisance. [District Rules 2280 and 4102]
42. This registered equipment shall not remain at any location for longer than six consecutive months, and shall comply with all other residence time restrictions. [District Rule 2280]
43. This registered equipment shall not be used to replace or supplement any ongoing function of, or utility used at, any existing stationary source. [District Rule 2280]
44. Except for emergency operations, this unit shall not be operated within 1,000 feet of any K-12 school, unless the public and student notification requirements of the CH&SC Section 42301.6 have been satisfied. [District Rule 4102]
45. Owner/operator shall maintain daily records of the tons of approved agricultural materials burned in the air curtain burn box(es) per project. [District Rules 2280 and 2520] Federally Enforceable Through Title V Permit
46. Emissions (in units of pounds per ton of approved agricultural materials) from the air curtain burn box shall not exceed any of the following limits: 1.0 lb-NOx/ton, 0.1 lb-SOx/ton, 1.3 lb-PM10/ton, 2.6 lb-CO/ton, or 0.9 lb-VOC/ton. [District Rule 2280] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

47. Daily emissions shall be calculated as follows: daily emissions (lb/day) = tons of approved agricultural materials burned in a day x emission limits (lb/ton) for each pollutant (see emissions condition above). Total daily emissions, by pollutant, is the sum of each pollutant for each air curtain burn box for a project. [District Rules 1070 and 2520] Federally Enforceable Through Title V Permit
48. Owner/operator shall maintain cumulative annual records of the tons of approved agricultural materials burned in the air curtain burn box when operated in any participating district. [District Rules 1070 and 2520] Federally Enforceable Through Title V Permit
49. Annual unit emissions shall be calculated as follows: annual emissions lb/ton = tons of approved agricultural material burned in a year x emission limits (lb of emissions/ton of material) ÷ 2000 (lb/ton). [District Rules 1070 and 2520] Federally Enforceable Through Title V Permit
50. The operator shall maintain records of required monitoring that include: 1) the date, place, and time of sampling or measurement; 2) the date(s) analyses were performed; 3) the company or entity that performed the analysis; 4) the analytical techniques or methods used; 5) the results of such analysis; and 6) the operating conditions at the time of sampling or measurement. [District Rule 2520, 9.4.1] Federally Enforceable Through Title V Permit
51. The operator shall retain records of all required monitoring data and support information for a period of at least 5 years from the date of the monitoring sample, measurement, or report. Support information includes copies of all reports required by the permit and, for continuous monitoring instrumentation, all calibration and maintenance records and all original strip-chart recordings. [District Rule 2520, 9.4.2] Federally Enforceable Through Title V Permit
52. The operator shall submit reports of any required monitoring at least every six months unless a different frequency is required by an applicable requirement. All instances of deviations from permit requirements must be clearly identified in such reports. [District Rule 2520, 9.5.1] Federally Enforceable Through Title V Permit
53. If for any reason a permit requirement or condition is being challenged for its constitutionality or validity by a court of competent jurisdiction, the outcome of such challenge shall not affect or invalidate the remainder of the conditions or requirements in that permit. [District Rule 2520, 9.7] Federally Enforceable Through Title V Permit
54. The permittee must comply with all conditions of the permit including permit revisions originated by the District. All terms and conditions of a permit that are required pursuant to the Clean Air Act (CAA), including provisions to limit potential to emit, are enforceable by the EPA and Citizens under the CAA. Any permit noncompliance constitutes a violation of the CAA and the District Rules and Regulations, and is grounds for enforcement action, for permit termination, revocation, reopening and reissuance, or modification; or for denial of a permit renewal application. [District Rule 2520, 9.8.1 and 9.13.1] Federally Enforceable Through Title V Permit
55. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of the permit. [District Rule 2520, 9.8.2] Federally Enforceable Through Title V Permit
56. The permit may be modified, revoked, reopened and reissued, or terminated for cause. The filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or a notification of planned changes or anticipated noncompliance does not stay any permit condition. [District Rule 2520, 9.8.3] Federally Enforceable Through Title V Permit
57. The permit does not convey any property rights of any sort, or any exclusive privilege. [District Rule 2520, 9.8.4] Federally Enforceable Through Title V Permit
58. The Permittee shall furnish to the District, within a reasonable time, any information that the District may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to determine compliance with the permit. Upon request, the permittee shall also furnish to the District copies of records required to be kept by the permit or, for information claimed to be confidential, the permittee may furnish such records directly to EPA along with a claim of confidentiality. [District Rule 2520, 9.8.5] Federally Enforceable Through Title V Permit
59. The permittee shall pay annual permit fees and other applicable fees as prescribed in Regulation III of the District Rules and Regulations. [District Rule 2520, 9.9] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

60. With each report or document submitted under a permit requirement or a request for information by the District or EPA, the permittee shall include a certification of truth, accuracy, and completeness by a responsible official. [District Rule 2520, 9.13.1 and 10.0] Federally Enforceable Through Title V Permit
61. All records specified in the record keeping requirements of District Rule 2280 shall be submitted to the District within 30 days after the end of each calendar quarter. [District Rules 1070, 2280, and 2520] Federally Enforceable Through Title V Permit
62. The reporting periods for the Report of Required Monitoring and the Compliance Certification Report begin June 1 of every year, unless alternative dates are approved by the District Compliance Division. These reports are due within 30 days after the end of the reporting period. [District Rule 2520] Federally Enforceable Through Title V Permit
63. No person shall manufacture, blend, repackage, supply, sell, solicit or apply any architectural coating with a VOC content in excess of the corresponding limit specified in Table of Standards 1 effective until 12/30/10 or Table of Standards 2 effective on and after 1/1/11 of District Rule 4601 (12/17/09) for use or sale within the District. [District Rule 4601, 5.1] Federally Enforceable Through Title V Permit
64. All VOC-containing materials subject to Rule 4601 (12/17/09) shall be stored in closed containers when not in use. [District Rule 4601, 5.4] Federally Enforceable Through Title V Permit
65. The permittee shall comply with all the Labeling and Test Methods requirements outlined in Rule 4601 sections 6.1 and 6.3 (12/17/09). [District Rule 4601, 6.1 and 6.3] Federally Enforceable Through Title V Permit
66. Disturbances of soil related to any construction, demolition, excavation, extraction, or other earthmoving activities shall comply with the requirements for fugitive dust control in District Rule 8021 unless specifically exempted under Section 4.0 of Rule 8021 (8/19/2004) or Rule 8011 (8/19/2004). [District Rules 8011 and 8021] Federally Enforceable Through Title V Permit
67. Outdoor handling, storage and transport of any bulk material which emits dust shall comply with the requirements of District Rule 8031, unless specifically exempted under Section 4.0 of Rule 8031 (8/19/2004) or Rule 8011 (8/19/2004). [District Rules 8011 and 8031] Federally Enforceable Through Title V Permit
68. An owner/operator shall prevent or cleanup any carryout or trackout in accordance with the requirements of District Rule 8041 Section 5.0, unless specifically exempted under Section 4.0 of Rule 8041 (8/19/2004) or Rule 8011 (8/19/2004). [District Rules 8011 and 8041] Federally Enforceable Through Title V Permit
69. Whenever open areas are disturbed, or vehicles are used in open areas, the facility shall comply with the requirements of Section 5.0 of District Rule 8051, unless specifically exempted under Section 4.0 of Rule 8051 (8/19/2004) or Rule 8011 (8/19/2004). [District Rules 8011 and 8051] Federally Enforceable Through Title V Permit
70. Any paved road or unpaved road shall comply with the requirements of District Rule 8061 unless specifically exempted under Section 4.0 of Rule 8061 (8/19/2004) or Rule 8011 (8/19/2004). [District Rules 8011 and 8061] Federally Enforceable Through Title V Permit
71. Any unpaved vehicle/equipment area that anticipates more than 50 Average annual daily Trips (AADT) shall comply with the requirements of Section 5.1.1 of District Rule 8071. Any unpaved vehicle/equipment area that anticipates more than 150 vehicle trips per day (VDT) shall comply with the requirements of Section 5.1.2 of District Rule 8071. On each day that 25 or more VDT with 3 or more axles will occur on an unpaved vehicle/equipment traffic area, the owner/operator shall comply with the requirements of Section 5.1.3 of District Rule 8071. On each day when a special event will result in 1,000 or more vehicles that will travel/park on an unpaved area, the owner/operator shall comply with the requirements of Section 5.1.4 of District Rule 8071. All sources shall comply with the requirements of Section 5.0 of District Rule 8071 unless specifically exempted under Section 4.0 of Rule 8071 (9/16/2004) or Rule 8011 (8/19/2004). [District Rules 8011 and 8071] Federally Enforceable Through Title V Permit
72. Any owner or operator of a demolition or renovation activity, as defined in 40 CFR 61.141, shall comply with the applicable inspection, notification, removal, and disposal procedures for asbestos containing materials as specified in 40 CFR 61.145 (Standard for Demolition and Renovation). [40 CFR 61 Subpart M] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.
