NOTICE IS HEREBY GIVEN that the San Joaquin Valley Air Pollution Control District solicits public comment on the proposed significant modification of O'Neill Beverages Co LLC at 8418 S Lac Jac Ave, Parlier, California. The facility has proposed to modify an existing 42.5 MMBtu/hr natural gas-fired boiler (permit unit C-629-2-12) to tune the existing Clever Brooks/Industrial Combustion Model LNXLG-504 SZ-1 low NOX burner and Selective Catalytic Reduction (SCR) system in order to meet the 2.5 ppmv NOX emission limit of District Rule 4320.

The District's analysis of the legal and factual basis for this proposed action, project # C-1221149, is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm and at any District office. There are no emission increases associated with this proposed action. This will be the public's only opportunity to comment on the specific conditions of the modification. If requested, the District will hold a public hearing regarding issuance of this modification. For additional information, please contact the District at (599) 230-6000.
