# Agenda

- Overview of new Refrigerant Management Program
- District implementation of Refrigerant Management Program
- Next steps
- Questions/Comments

# District Implementation Climate Change Mandates

- The District Governing Board's direction - seek delegation of state and federal climate change mandates where:
  - the District can offer streamlined and cost-effective implementation and enforcement of climate change mandates
  - District implementation and enforcement would help to reduce the nuisance of duplicative regulatory programs

# District Implementation of the Refrigerant Management Program

- The District has a comprehensive local infrastructure that can facilitate efficient and streamlined implementation and enforcement of the RMP program in the Valley
- The District has a long-standing productive relationship with Valley businesses

# District Implementation of the Refrigerant Management Program

- Enforcement of the RMP mandates
  - District Only
  - ARB Only
  - Joint Enforcement Approach
- Proposed joint enforcement approach:
  - District to implement program for local businesses in the Valley
  - ARB to implement program for companies with facilities through the state
- District and ARB would collaborate to ensure consistency

# Next steps

- Solicit written comments or suggestions
- Develop an agreement with ARB to implement and enforce Refrigerant Management Program
- District Governing Board adoption
