DRAYAGE AND "DRAY-OFF" TRUCKS ARE NOT ELIGIBLE FOR FUNDING

"Drayage and Dray-off Trucks" are defined by Section C.15 of the Drayage Truck Regulation (13 CCR §2027) which states that any in-use on-road vehicle with a gross vehicle weight rating (GVWR) greater than 26,000 pounds that is used for transporting cargo, such as containerized, bulk, or break-bulk goods, that operates:

- (A) on or transgresses through port or intermodal rail yard property for the purpose of loading, unloading or transporting cargo, including transporting empty containers and chassis; or
- (B) off port or intermodal rail yard property transporting cargo or empty containers or chassis that originated from or is destined to a port or intermodal rail yard property.

Trucks listed as **exempt** or **non-compliant** in the DTR will be considered non-drayage and eligible for funding.

CERTIFICATIONS – APPLICANT 2

Initial and sign

I have read and agree to **ALL** the following terms and conditions by **initialing each of the following sections**:

Initial	I will not submit other applications to local agencies in any trade corridor for funding for the same truck, under the Proposition 1B Goods Movement Emission Reduction Program or the Carl Moyer program. This prohibition does not include applications for loans or loan guarantees;
Initial	I will disclose the value of any existing financial incentive that directly reduces the project cost, including tax credits or deductions, grants, or other public financial assistance for the same truck, and will disclose any other source(s) of funding that has been applied for that is used for the same project, including the source of funds, amount, and the purpose for funding;
Initial	I have reviewed the information provided in this application and all supporting documentation to be true and correct, and meet the minimum requirements of the Goods Movement Emission Reduction Program;
Initial	I agree to follow all requirements of the 2013 Proposition 1B Goods Movement Emission Reduction Program Guidelines;
Initial	The program-funded equipment shall be placed into operation prior to the applicable operational deadlines to remain eligible for funding;
Initial	I understand that all new equipment may not be included in the equipment owner’s fleet compliance strategy until CARB specified dates allow;
Initial	Neither the owner nor equipment identified in the equipment project application has any outstanding violations or non-compliance with CARB regulations;
Initial	The purchase of this low-emission vehicle is NOT required by any local, state, and/or federal rule or regulation, including, but not limited to, the Drayage Truck Regulation (13 CCR §2027), Truck and Bus Regulation (13 CCR §2025), and/or Solid Waste Collection Vehicle Regulation (13 CCR §2021);
Initial	That Program funds were not used to previously upgrade the equipment identified in the equipment project application (except for funds that may have been received to retrofit a truck with a diesel PM filter);
Initial	Any additional non-Program funding needed to complete the equipment project according to the proposed timeframe is reasonably available;
Initial	New equipment must not be purchased, received, installed, paid for, or placed into operation prior to contract execution unless specified by the Program Guidelines, and if allowed, equipment owner shall assume all financial risk if equipment is ordered prior to contract execution, and is in no way assured program funds;
Initial	New equipment purchased outside of California may be subject to California sales and/or use tax;
Initial	I have all the information needed to understand what must be done to maintain eligibility for Program funds. This includes maintaining registration and ownership; keeping equipment in legal operating condition within California; correcting any air pollution citations; complying with all CARB regulations; and reporting, repairing, or replacing equipment that has been damaged, destroyed, or stolen;
Initial	I understand that the new equipment proposed in the application will be required to operate at least 90% or 100% of its operating time within California for the project life;
Initial	I understand as an applicant that incentive programs have limited funds and shall terminate upon depletion of program funding.

I hereby certify that all information provided in this application and any attachments are true and correct to the best of my knowledge.
