

NOTICE OF EXEMPTION

Date: June 21, 2018
From/Lead Agency/Applicant: San Joaquin Valley Unified Air Pollution Control District
 1990 East Gettysburg Avenue
 Fresno, CA 93726
 559-230-6000
To: County Clerk/Recorder
 County of Fresno
 2221 Kern St.
 Fresno, CA 93721

Project Title: San Joaquin Valley Unified Air Pollution Control District (District):
 Proposed Amendments to District Rule 4692 (Commercial Charbroiling)

Project Location - Specific: Not Applicable

Project Location - City: All cities within the San Joaquin Valley Air Basin (SJVAB)

Project Location - County: All counties in the San Joaquin Valley Air Basin (SJVAB): Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare.

Description of Project: The District is proposing to amend District Rule 4692 (Commercial Charbroiling) to require an one-time report from owners or operators of restaurants with underfired charbroilers, in order to assist with enhancing the emission inventory data for underfired charbroiler operations and associated throughputs and emissions, and requiring registration of affected underfired charbroilers (Project). Owners and operators of underfired charbroilers determined to be subject to registration will also be required to keep weekly records of the total quantity, in pounds, for each type of meat cooked on each charbroiler on the premises. The Project also serves to remove outdated compliance deadlines and to improve clarity of rule requirements. In addition, Section 5.1 will be amended to consolidate the requirements for chain-driven charbroilers.

Name of Public Agency Approving Project: San Joaquin Valley Unified APCD

Name of Person or Agency Carrying Out Project: San Joaquin Valley Unified APCD

Exempt Status: (Check one)

- Ministerial: §21080(b)(1); 15268
- Declared Emergency: §21080(b)(3); 15269(a)
- Emergency Project: §21080(b)(4); 15269(b)(c)
- Categorical Exemption: Section 15308
- Statutory Exemptions:
- General Exemption: Section 15061(b)(3)

Reasons Why Project is Exempt: The amendments proposed to District Rule 4692 add registration and recordkeeping requirements to applicable underfired charbroilers at commercial cooking operations. There are no other actions or rule requirements associated with this project. Based on the District's investigation, substantial evidence supports the District's conclusion that the amendments will not cause either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment, and as such is not a "project" as that term is defined under the California Environmental Quality Act (CEQA) Guidelines § 15378. In addition, substantial evidence supports the District's conclusion that assuming the amendment is a "project" under CEQA, it will not have any significant adverse effects on the environment. The District finds that the project is exempt per the general rule that the rule amendment is an action as authorized by state law for a regulatory agency to assure the maintenance, restoration, enhancement, or protection of the environment where the regulatory process involves procedures for protection of the environment per CEQA Guidelines §15308 as well as the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment (CEQA Guidelines §15061 (b)(3)).
