

## NOTICE OF COMPLETION

**Project Title:** Bar 20 Dairy Expansion Proposed Mitigated Negative Declaration  
**Date:** December 24, 2007  
**Review Period:** January 23, 2007

The San Joaquin Valley Air Pollution Control District (District), serving as Lead Agency, has completed a revised proposed Mitigated Negative Declaration (MND) for the Bar 20 Dairy expansion. The proposed MND was circulated from September 13, 2007, through October 13, 2007. The document was revised to provide to the public, responsible and trustee agencies supplemental and clarifying information regarding the project's potential impact on air quality with regards to greenhouse gas emissions.

In accordance with California Environmental Quality Act (CEQA) Guidelines §15088, the District has reviewed comments that were received for the proposed MND and prepared written responses, which can be found in Appendix D of the revised MND.

The District is soliciting the views of your agency as to the scope and content of the environmental information, which is germane to your agency's responsibilities in connection with the proposed project. In conformance with established time limits set forth in the CEQA Guidelines, your response must be provided at the earliest possible date, but no later than **January 23, 2007**.
