

Notice Of Development Of Greenhouse Gas Emission Reduction Measures

NOTICE IS HEREBY GIVEN that the San Joaquin Valley Air Pollution Control District solicits public comment on development of and quantification of greenhouse gas emission reduction measures for following development project types:

Residential, Commercial, and Industrial Development Projects

The District is soliciting public input on the following topics:

- Comments regarding the GHG emission reduction measures presented in the Final Staff Report: *Addressing Greenhouse Gas Emission Impacts Under the California Environmental Quality Act* (Appendix J)
- Recommendations for quantifying the effectiveness of those GHG emission reduction measures
- Recommendations regarding additional GHG emission reduction measures that should be considered and their possible quantification
- Recommendations regarding activities the District should consider when establishing Baseline Emissions, by type of land use development project, and
- Recommendations regarding activities the District should consider when converting Baseline Emissions into emissions per unit of activity.

Information regarding GHG emission reduction measures for development projects can be obtained from the District's website at http://www.valleyair.org/Programs/CCAP/CCAP_idx.htm.

Written comments regarding the greenhouse gas emission reduction measures should be addressed to Daniel Barber by email, daniel.barber@valleyair.org, or by mail at SJVUAPCD, 1990 East Gettysburg Avenue, Fresno, CA 93726 and must be received by **February 25, 2010**. For additional information, please contact Daniel Barber by e-mail or by phone at (559) 230-5840.

Information regarding the District's Climate Action Plan and how to address GHG emissions impacts under CEQA, can be obtained from the District's website by clicking on http://www.valleyair.org/Programs/CCAP/CCAP_idx.htm.
