Plus a New Incentive Available for Electric Heat Pumps, contact the District for details.

PROGRAM STEPS

- 1 Submit a complete voucher application and required documents
- 2 Present your approved voucher to a participating program retailer, then purchase and install your new device.
- 3 Submit claim for payment packet to the District

**To protect public health, counties with the biggest air pollution challenges have been identified as Hot Spots. As a result, those counties will see fewer days when wood burning devices can be used. For that reason, increased incentive levels are offered in Hot Spot counties to upgrade to gas devices.
