

RULE 3020 PERMIT FEE SCHEDULES (Adopted May 21, 1992; Amended July 16, 1992; Amended December 17, 1992; Amended August 21, 1997; Amended March 17, 1999; Amended June 15, 2000; Amended January 17, 2008; Amended April 16, 2015; Amended April 19, 2018; Amended May 15, 2025, effective July 1, 2025 through June 30, 2026)

It is hereby determined that the cost of maintaining an active and effective program, issuing permits, performing inspections pertaining to such issuance, and responding to requests exceeds the fees prescribed herein. In determining the fees to be charged, the applicable equipment within each process that requires a permit will be totaled for each schedule. In the event that more than one fee schedule is applicable to a Permit unit, the governing schedule shall be that which results in the higher fee with the exception of service stations where Schedule 11 applies.

SCHEDULE 1  
ELECTRIC MOTOR HORSEPOWER SCHEDULE

Any equipment which may cause the emission of air contaminants where an electric motor is used as the power supply shall be assessed a permit fee based on the total rated motor horsepower of all electric motors included in any source operation, in accordance with the following schedule:

Horsepower	Fee
Up to and Including 25 .....	\$ 116
Greater than 25 but Less Than 50 .....	155
50 or Greater but Less Than 100 .....	259
100 or Greater but Less Than 200 .....	410
200 or Greater but Less Than 400 .....	535
400 or Greater but Less Than 800 .....	790
800 or Greater but Less Than 1,600 .....	1,059
1,600 or Greater .....	1,338

SCHEDULE 2  
FUEL BURNING EQUIPMENT SCHEDULE

Any equipment which may cause the emission of air contaminants in which fuel is burned, with the exception of incinerators which are covered in Schedule 4 and electric power generating facilities which are covered in Schedule 8, shall be assessed a permit fee based upon the design fuel consumption of the equipment expressed in million British Thermal Units (MMBTU) per hour using gross heating values of the fuel in accordance with the following schedule:

MMBTU Per Hour	Fee
Up to and Including 0.15 .....	\$ 116
Greater Than 0.15 but Less Than 0.4 .....	155
0.4 or Greater but Less Than 0.65 .....	259
0.65 or Greater but Less Than 1.5 .....	410
1.5 or Greater but Less Than 2.5 .....	535
2.5 or Greater but Less Than 5.0 .....	790
5.0 or Greater but Less Than 15.0 .....	1,059
15.0 or Greater .....	1,338

SCHEDULE 3  
ELECTRIC ENERGY SCHEDULE

Any equipment which may cause the emission of air contaminants and which uses electric energy, with the exception of electric motors covered in Schedule 1, shall be assessed a permit fee based on the total kilovolt ampere (KVA) rating, in accordance with the following schedule:

Kilovolt Amperes	Fee
Up to and Including 45 .....	\$ 116
Greater than 45 but Less Than 145 .....	155
145 or Greater but Less Than 450 .....	259
450 or Greater but Less Than 1,450 .....	330
1,450 or Greater but Less Than 4,500 .....	472
4,500 or Greater but Less Than 14,500 .....	790
14,500 or Greater .....	1,338

SCHEDULE 4  
INCINERATOR SCHEDULE

Any equipment designed and used primarily to dispose of combustible refuse by wholly consuming the material charged and leaving only the ashes or residue shall be assessed a permit fee based on the following schedule of the maximum horizontal inside cross-sectional area, in square feet, of the primary combustion chamber:

Area in Square Feet	Fee
Up to and Including 8 .....	\$ 116
Greater Than 8 but Less Than 16 .....	155
16 or Greater but Less Than 27 .....	193
27 or Greater but Less Than 47 .....	295
47 or Greater but Less Than 90 .....	410
90 or Greater .....	601

SCHEDULE 5  
STATIONARY CONTAINER SCHEDULE

Any stationary tank, reservoir, or other container, the contents of which may emit an air contaminant, except those owned or operated by a small producer as defined in Rule 1020 (Definitions) shall be assessed a permit fee based on the following schedule of capacities in gallons or cubic equivalent:

Gallons	Fee
Up to 5,000 .....	\$ 99
5,000 or Greater but Less Than 20,000 .....	123
20,000 or Greater but Less Than 50,000 .....	179
50,000 or Greater but Less Than 100,000 .....	241
100,000 or Greater but Less Than 500,000 .....	320
500,000 or Greater but Less Than 1,000,000 .....	391
1,000,000 or Greater .....	498

Any stationary tank, reservoir, or other container, owned and operated by a small producer, as defined in Rule 1020 (Definitions), the contents of which may emit an air contaminant shall be assessed a permit fee based on the following schedule of capacities in gallons or cubic equivalent:

Gallons	Fee
Up to and Including 5,000 .....	\$ 44
Greater than 5,000 but Less Than 20,000 .....	61
20,000 or Greater but Less Than 50,000 .....	85
50,000 or Greater but Less Than 100,000 .....	99
100,000 or Greater but Less Than 500,000 .....	131
500,000 or Greater but Less Than 1,000,000 .....	169
1,000,000 or Greater .....	241

SCHEDULE 6  
MISCELLANEOUS SCHEDULE

Any source operation which may cause the issuance of air contaminants as defined in Rule 1020 (Definitions), which is not included in other schedules shall be assessed a permit fee of \$139 per source operation.

SCHEDULE 7  
RESOURCE RECOVERY SCHEDULE

Any equipment which may cause the emission of air contaminants from the combustion of tires or other waste material used for the generation of electric power shall be assessed a permit fee based on the gross output of the electric generating equipment in accordance with the following schedule:

Kilowatts	Fee
Up to and Including 1,000.....	\$ 4,241
Greater than 1,000 but Less Than 5,000 .....	7,079
5,000 or Greater but Less Than 10,000.....	17,453
10,000 or Greater but Less Than 20,000.....	36,984
20,000 or Greater.....	70,789

SCHEDULE 8  
ELECTRIC GENERATION SCHEDULE

A. Any equipment not subject to paragraph B, which may cause the emission of air contaminants from the combustion of fossil or wood-derived fuel (including agricultural waste or biomass) for the generation of electric power shall be assessed a permit fee based on the gross output of the electric generating equipment, in accordance with the following schedule. No other fees shall apply to permitted equipment associated with the electrical generating equipment.

Kilowatts	Fee
Up to and Including 500 .....	\$ 337
Greater than 500 but Less Than 1,000 .....	995
1,000 or Greater but Less Than 5,000 .....	1,988
5,000 or Greater but Less Than 10,000 .....	3,968
10,000 or Greater but Less Than 20,000 .....	6,621
20,000 or Greater but Less Than 35,000 .....	10,588
35,000 or Greater .....	13,235

B. Any new equipment constructed on or after March 17, 1999 with a gross electric output of 35,000 kilowatts or greater, which may cause the emission of air contaminants from the combustion of fossil or wood-derived fuel (including agricultural waste or biomass) for the generation of electric power shall be assessed a permit fee based on the gross output of the electric generating equipment in accordance with the following schedule. No other fees shall apply to permitted equipment associated with the electrical generating facility.

Kilowatts	Fee
35,000 or Greater but Less Than 100,000 .....	\$ 13,235
100,000 or Greater but Less Than 300,000 .....	17,111
300,000 or Greater but Less Than 500,000 .....	29,041
500,000 or Greater but Less Than 1,000,000 .....	40,969
1,000,000 or Greater .....	70,789

SCHEDULE 9  
STEAM-ENHANCED CRUDE OIL PRODUCTION WELL SCHEDULE

Steam-enhanced crude oil production wells, except those owned by a small producer, shall be assessed a permit fee of \$12.13 per well. A single permit authorizing 150 or more steam-enhanced crude oil production wells not served by a vapor recovery system and not owned by a small producer shall be assessed a permit fee of \$1,816.

Steam-enhanced crude oil production wells owned by a small producer shall be assessed a permit fee of \$6.07 per well. A single permit authorizing 150 or more steam-enhanced crude oil production wells owned by a small producer and not served by a vapor recovery system shall be assessed a permit fee of \$909.

SCHEDULE 10  
INTERNAL COMBUSTION ENGINE SCHEDULE

Any stationary piston type internal combustion engine of greater than 50 brake horsepower shall be assessed a permit fee based on the following schedule of horsepower:

Brake Horsepower	Fee
Greater than 50 but Less Than 100 .....	\$ 106
100 or Greater but Less Than 200 .....	155
200 or Greater but Less Than 400 .....	314
400 or Greater but Less Than 800 .....	624
800 or Greater but Less Than 1,000 .....	781
1,000 or Greater but Less Than 5,000 .....	972
5,000 or Greater but Less Than 10,000 .....	1,170
10,000 or Greater .....	1,355

SCHEDULE 11  
FUEL DISPENSING EQUIPMENT SCHEDULE

Any fuel dispensing equipment (including stationary fuel storage tanks, dispensers, and associated piping) established at a single location which is primarily used for the purpose of fueling vehicles and equipment shall be assessed a permit fee. Systems that require additional testing for each grade of fuel dispensed by a nozzle shall be assessed a permit fee based on the number of grades of fuel that can be dispensed at each nozzle at a fee of \$46 per grade per nozzle. All other fuel dispensing equipment will be assessed a permit fee based on the number of fuel dispensing nozzles at a fee of \$46 per nozzle.

SCHEDULE 12  
COMMERCIAL OFFSITE MULTIUSER HAZARDOUS AND  
NONHAZARDOUS WASTE DISPOSAL FACILITIES

Each affected facility shall be assessed a permit fee based upon the size of the facility as specified in the conditional use permit issued by the appropriate city or county planning department or based upon the maximum potential size of the facility as determined by the APCO. In determining this fee, the following schedule shall be utilized:

Acres	Fee
Up to and Including 5 .....	\$ 1,036
Greater than 5 but Less Than 10 .....	1,146
10 or Greater but Less Than 15 .....	1,249
15 or Greater but Less Than 20 .....	1,355
20 or Greater but Less Than 25 .....	1,455
25 or Greater but Less Than 30 .....	1,565
30 or Greater but Less Than 35 .....	1,670
35 or Greater but Less Than 40 .....	1,781
40 or Greater but Less Than 45 .....	1,883
45 or Greater but Less Than 50 .....	1,988
50 or Greater but Less Than 55 .....	2,097
55 or Greater but Less Than 60 .....	2,202
60 or Greater but Less Than 65 .....	2,304
65 or Greater but Less Than 70 .....	2,414
70 or Greater but Less Than 75 .....	2,519
75 or Greater but Less Than 80 .....	2,623
80 or Greater but Less Than 85 .....	2,734
85 or Greater but Less Than 90 .....	2,833
90 or Greater but Less Than 95 .....	2,939
95 or Greater but Less Than 100 .....	3,050

For facilities 100 acres or greater, the fee shall be increased at \$131 increments for each additional five (5) acre increase beyond that provided above.

SCHEDULE 13  
TITLE V SOURCE PERMIT SURCHARGE SCHEDULE

In addition to all other applicable fees, each permit unit at a stationary source subject to District Rule 2520 (Federally Mandated Operating Permits) shall be assessed a fee of \$45.
